

1969 Re-Echo Submission Form

As part of your 50th Reunion celebration, the William & Mary Alumni Association will publish an edition of the Colonial Re-Echo, a yearbook that answers the age-old question, "Where are they now?" Please complete the form below and include a current photograph (photo not required) and email to soaprg@wm.edu; your classmates will want to know what you've been up to! Submissions should be no longer than 500 words and must be done in first person perspective.

A copy of the Re-Echo is included in your Reunion Weekend package. If you cannot attend the weekend, but would like a copy, you may order one via the printed invitation. Re-Echo entries are due March 15.

Your memory:

Please tell us what you have been up to for the past 50 years.

Please use this space to share your life events including your engagement/involvement with the College or for your reflections and insights as an early baby boomer.

Example 1. Just graduating was an achievement. After that I went to work for the government, married and raised 3 kids (all went to W&M). I have been to every Homecoming since we graduated. Now retired and love to travel. Have been to all 50 states and 2 continents.

Example 2. I have spent most of the last 50 years attending numerous W&M Homecomings and reunions, New York chapter events, and any athletic events when the Tribe (then Indians) were in my area. I have stayed engaged also by giving my talent to our alma mater volunteering as an Executive Professional in the MBA program and mentoring current members of our ROTC.

Example 3. Other than being a Vegas showgirl, an Olympic athlete and an astronaut, I haven't had much going on. Oh, wait! I married Jim Korman '65, so I HAVE had a lot going on! We have a beautiful, intelligent daughter (and son-in-law), two beautiful, intelligent grandchildren and one semi-intelligent grand-dog. Jim and I have been married (to each other) for 49 years. We have enjoyed a very happy, crazy, fun-filled life and are determined to keep it up as long as possible.
